*Messy garages...
...meet your match.*

Garage Organization System

Organization that fits your Lifestyle

- Steel rail with PVC cover.
 - Available in 3 lengths
 - Over 20 accessories
 - Supports up to 2,000 lbs
- Accessories can easily be repositioned. Constructed with $\frac{3}{8}$ " diameter steel for extra durability.
 - Coated with Satin Nickel epoxy finish that will not rust, chip or crack
- Wood laminate cabinetry integrates in appearance and function with the FastTrack® Rail System.
 - Durable, $\frac{3}{4}$ " thick wood laminate withstands moisture, nicks and stains
- Stainless steel, Amerock® door and drawer pulls provide a modern, sleek exterior.
- Cabinets mount to FastTrack® hang rail to keep off the floor, away from dirt and water.

Rubbermaid Garage Organization Solutions combine a unique rail-mounted system with modular storage units that can be customized and reconfigured to meet your specific needs.

FastTrack® Rail System

The heart of our system is the patent-pending FastTrack® Rail that blends strength and style with endless flexibility.

- Provides the backbone for all cabinet and accessories
- Supports up to 2,000 lbs in wall studs
- Attaches to wall studs, concrete or brick

Accessory Grippers

Grippers are made of durable cast aluminum. Metal wedges lock accessories permanently into Gripper.

Accessory mounting options:

- Rail Mount
- Direct Wall Mount

Wood Laminate Cabinet Features

Rail suspension bracket allows cabinets to mount onto rail off the floor

Safety catch supports adjustable shelving

Full-extension drawer glides for easy access

Key-lock doors provide secure storage

Soft, quick-grip mats keep belongings in place
